MULTIPLIER EVENT IN ITALY

Fondazione Patrizio Paoletti held the Multiplier event of the SCHOOL ADAPT project on 5 June 2023, in Palermo.

During the event, the 30 participants showed great interest in the topic of the project. Some of them expressed the need to strengthen the capacities of school staff to support migrant pupils. For this reason, the main results of the project (the models, the toolkit, the course for teachers and for parents) were presented to the participants during the workshop.

In general, the project and its objectives were evaluated very positively, as they were totally in line with the real needs of Italian schools.

MULTIPLIER EVENT IN SPAIN

The multiplier event of the school adaptability project took place on 26 June 2023. The organisation decided to hold the event in a civic centre in the city of Reus with a total of 30 participants.

The event was a great success. The enriching discussions and innovative ideas presented will serve as a basis for implementing improvements in the way our educational institutions receive and support these students.
